CMD's Message

Commenting on the performance for Q3 FY2016, Mr. Rajesh Patil, CMD, Kolte-Patil Developers Ltd. said,

"We continue to maintain our sales trajectory recording 0.52 msf. of pre-sales during the quarter, despite the challenging ground realities where consumer sentiment remains subdued and buyers are still deferring their decision cycles.

We have entered into a Rs. 120 crore co-development agreement with Metropolitan Lifespace, a J.P. Morgan Asset Management managed entity, for our Mumbai redevelopment project, Jai-Vijay Society. The transaction is a big positive for us in terms of acceptance of our project in the market with our association with a global leader. Given that we are receiving a significant portion of the payment upfront, we have financial closure in place, and we can time the sales of the balance inventory in such a way as to extract strong average realizations from the project. Importantly for us, the transaction drives strong momentum to our Mumbai operations, which is expected to be a significant part of our growth strategy going forward.

We also completed the buy-out of 100% stake in our Corolla project. This is one of our established projects targeted at the MIG segment and a strong volume driver for the company. Overall cash flow visibility from Phase II & III, totaling 3 msf, is to the tune of Rs. 550-600 crore over the next 4-5 years.

To conclude, the on ground realities continue to be weak. We are focusing on driving operational efficiencies through tight cost control. Our launch pipeline is strong and majority of our product portfolio is in the lower than Rs. 1 crore ticket size, which finds better visibility with buyers. We expect our financial performance to improve going forward as greater proportion of 100% owned projects and higher margin projects come up for revenue recognition."
